SECTION 2 (Maximum Marks: 28)

- This section contains SEVEN questions
- Each question has FOUR options [A], [B], [C] and [D]. ONE OR MORE THAN ONE of these four options is(are) correct
- For each question, darken the bubble(s) corresponding to all the correct option(s) in the ORS
- For each question, marks will be awarded in one of the following categories:

Full Marks : +4 If only the bubble(s) corresponding to all the correct option(s)

is(are) darkened

Partial Marks : +1 For darkening a bubble corresponding to each correct option,

provided NO incorrect option is darkened

Zero Marks If none of the bubbles is darkened

Negative Marks : -2 In all other cases

- For example, if [A], [C] and [D] are all the correct options for a question, darkening all these three will get +4 marks; darkening only [A] and [D] will get +2 marks; and darkening [A] and [B] will get -2 marks, as a wrong option is also darkened

$$a_{6} = p + q$$
 $a_{1} = p \left(\frac{1 + \sqrt{5}}{2} \right) + 2 \left(\frac{1 - \sqrt{5}}{2} \right)$

$$a_{4} = a_{3} + 2a_{12}$$
